

Curriculum Vitae Deanna Dreher, CPA, CVA, PFS

Practice Overview

Just 2% of business owners will achieve everything they dreamed of when they opened their business. I call this rare, but highly successful group of business owners the “2% Club.” At Griffiths, Dreher & Evans, we studied members of the 2% Club for several years and identified 5 key strategies they use in becoming a great success. Our mission is to help business owners execute these 5 strategies and join the highly successful “2% Club.”

We are focused on business owners with less than \$10 million of annual sales. As a firm of certified valuation analysts who have performed over 300 business valuation engagements, we provide regular valuation feedback to our business owner clients on how their day to day decisions affect the value of their biggest investment, their small business.
